

**Jason Frazier**  
*Construction Operations Manager*

Jason Frazier is a Director of Construction Operations, with Accutech Construction, and is responsible for managing the firm's' most challenging projects from inception to completion. His personal pursuit of excellence in project development, planning and execution has resulted in repeat business with many of our data center and industrial clients where demanding project specifications and critical environments call for the highest level of coordination. Jason has accomplished this with his proactive obsession with processes combined with his ability to develop loyal relationships with subcontractors, vendors and craft workers who are more efficient as a result of his ability to motivate those around him through effective planning, scheduling, quality control, conflict resolution and most importantly his attention to creating organized and safe work sites. His personal work ethic mirrors Accutech's culture of integrity and fairness for all involved, Additionally, Jason is a consummate family man and avid outdoorsman.
